CERTIFICATION

# CIRCULAR ECONOMY IN ACTION

The garbage bags made from 100% recycled plastic have a **68%** lower carbon footprint than common waste bags

For every **1000 bags** produced from recycled plastic, **50 kg** of plastic waste are recovered

## THE SUSTAINABLE CHOICE IN 4 SIZES

**MEDIUM | 35lt**  
**52X60cm**

**BIG | 45lt**  
**52X75cm**

**GIANT | 100lt**  
**70X95cm**

**EXTRA GIANT | 140lt**  
**80X110cm**

**In the Loop** is a circular economy platform launched by Thrace Group in 2020. It has already networked **more than 200 companies** to demonstrate that **upcycling plastic waste** is not only feasible and desirable, but above all necessary.
